

**KEEN
2GO!**

**SIX BIG CHALLENGES
TO CROWN THE
ULTIMATE KEEN2GO
CHAMPIONS**

MESSAGE FROM THE DIRECTOR

Welcome to The Super 6 Keen2Go Challenge!

Here are 6 diverse and interesting challenges for you to complete at home over the next couple of weeks.

Current advice is to stay at home as much as possible and we know that can get a little boring, so why not join in the fun with us and compete in our challenges.

By the end you will be a fully fledged film-producing, dinner partying rocket scientist and we may just have a fantastic new podcast and chain video to show for it!

So what are you waiting for? Turn the page and crack on!

We are looking to wrap this round on Friday 3rd April and see what we have created - please send over all your work to robbie@keen2go.org

Please let me know if you'd be interested in joining a Super 6 WhatsApp group and we can share all our fabulous ideas.

If this round of challenges prove popular, we will look to ramp it up for the next wave and introduce a greater teamwork element over FaceTime or the House Party app.

For now though, good luck!

Robbie Keen

1

TO INFINITY AND BEYOND

TASK

- Create a super cool rocket out of things you find around the house - make sure you ask what you can use first!
- Give your rocket a name and write a brief description of all its special features and the amazing stuff that's on board.

TIPS

Cardboard is always a handy material - It is easy to cut into different shapes and is a lot stronger than paper. Think carefully about what is needed on board a rocket that could go on a very long journey and be sure to add some inventive non-essentials that would make your rocket the place to be!

WHAT THE JUDGES ARE LOOKING FOR

A well built rocket that looks ready to reach for the stars.
Some amazing designs that make your rocket stand out.
A detailed description of all the amazing on board features.

Good luck up there!

COME DINE WITH ME

TASK

Create the ultimate dinner party for you and your guests!

- a) You can have three special guests - write down who they are and why they get the big invite.
- b) What's for dinner? Plan a three course meal for your party - Starter, Main and Dessert.
- c) We all need party games - what are you having? Bonus points if you can come up with your own fabulous party game.
- d) Set the scene - draw a picture of your party enjoying their night.

TIPS

One of the judges may not like tuna - it would be wise to avoid adding it to the menu!

Research some tasty meal combinations that your party are bound to enjoy.

WHAT THE JUDGES ARE LOOKING FOR

A dinner party that we are jealous of with some interesting guests, mouth watering courses and exciting games.

Bon Appetite!

3

LIGHTS, CAMERA...

TASK

Plan your very own Hollywood film - no budgets, no script supervisors, no limits!

- a) What is the genre of the film? Comedy? Horror? Action?
- b) Who are the characters in the film? Write a brief bio of each describing who they are and what they look like.
- c) What is the plot? - Beginning, Middle and End - and where will the action take place?
- d) Casting time! - Who would you like to act in your film and which characters will they play.
- e) Create a poster for your film!

TIPS

Answer these questions for your favourite film to get an idea of the sort of film you wish to create.

Create some big, bold, original characters - draw a picture of them if it helps you describe them.

Have loads of ideas - they may not all make it but you may find the perfect story off the back of a not so perfect thought.

WHAT THE JUDGES ARE LOOKING FOR

Originality, detail and a film we would queue up to watch!

Action!

4

KEEN2GO PODCAST

TASK

We're creating our own Keen2Go Podcast and we need your help!

We need you to create a 5 minute segment on a topic of your choice which can then be sent to us and added to the podcast.

TIPS

Think carefully and choose a topic that is close to your heart.

How about the history of your favourite football team? A review of the last film you watched? Or what about talking about your favourite Keen2Go sessions?

Be sure to research your chosen topic online or by reading and magazines.

Practice before you record and write a script if it helps you remember all your fascinating thoughts.

WHAT THE JUDGES ARE LOOKING FOR

Entertainment! Teach us something new, make us laugh or make us think in a different way about a topic. Just be yourself and show us your passion.

5

YOU GOTTA ROLL WITH IT

TASK

We are looking to create a chain video of Keen2Go members passing, rolling, carrying and throwing a ball across as many different scenes as possible. We need clips of balls - footballs, tennis balls, any size - entering the shot from the left and leaving it to the right. We can then knit the shots together to make it look like one ball travelling all the way across Sutton!

TIPS

Use different rooms and the garden to create different scenes. Think of inventive ways for the ball to travel across the screen and make sure it passes interesting locations on the way - how about dressing the room to make it look like another country or even Space!

Make sure you make an appearance yourself in at least one clip.

WHAT THE JUDGES ARE LOOKING FOR

Inventive ways for the ball to travel and inventive locations used as backdrops.

Keep on rolling!
